

## BCPL: Magazines by Branch (2011)

Below is a listing of those print magazines and periodicals which are carried at BCPL's branches. These titles are not included in the library's online catalog so there is no way to tell if a particular issue of a magazine is currently available other than by contacting each owning branch for a physical shelf check. Remember to also check our [online magazine resources](#) to see if the Library's subscription databases may include specific issues or articles.

The following retention guidelines are used by each branch:

- ? *Monthly magazines are kept for one year (twelve months)*
- ? *Weekly magazines are kept for three months*
- ? *Newspapers or dailies are kept for one month.*

Additionally, all copies of all magazines, including current issues, are available for circulation. The only exception to this is *Consumer Reports*.

Magazine	Branch
